## THIS IS AN HONEST ADVERTISEMENT

It Tells a Little Story about a Prescription That Really Cures Indigestion.

A man of long experience in the advertising business said to the writer of this advertisement on November 22, 1912:

"I can't for the life of me see how your Company can make any money on MI-O-NA Stomach Tablets. They are too good. They cure too quickly. You can't sell enough of them to any one person."

Continuing, he said:

"My wife was cured of severe stomach trouble two years ago by getting only one-half a box and has never been bothered a particle since until about two weeks ago when she had another attack."

"Two days' treatment with MI-O-NA and she was as well as ever again. MI-O-NA is fine for the people who take it, but as I said before, how can you make any money?"—Name on application.

Indigestion is a national disease; many millions of Americans have it. MI-O-NA makes money for its owners by curing tens of thousands every year; many thousands of whom have tired of over buying relievers that do no good unless taken continuously.

MI-O-NA Stomach Tablets are compounded from a stomach specialist's favorite prescription. Daily they are banishing terrible stomach agony in the palaces of the rich and in the humble cottages of the poor.

The price, 50 cents, at your druggist for a generous boxful is surely a modest one to pay for certain stomach comfort with a guarantee of money back if they fail to cure.

MI-O-NA makers send free trial samples on request, or if not convenient for you to buy of your druggist will mail a box charges prepaid on receipt of 50 cents. Address Booth's MI-O-NA, Dept. B-2, Buffalo, N. Y. Wells & Haymaker Co. guarantees MI-O-NA.—Advertisement.

Bland, druggist, states if these people will try A SINGLES DOSE of simple buckthorn bark, glysterine, etc., as compounded in Adler-ika, the remedy which became famous by curing appendicitis, they will be surprised at the QUICK benefit.—Advertisement.
